## Testimonials:

"I'm a kid at heart, and what kid doesn't like trucks? JX gave me the opportunity to do exactly what I love, sell trucks. More than that, they gave me the chance to be a part of a first-class network."

"JX not only gives sales people the tools to develop their skills, they provide recognition for hard work. It's nice to be rewarded for your extra effort and achievements."

"I truly enjoy selling trucks for JX. They are a well-established company that values their employees. You can tell the company is family owned by the way you're treated and respected. I used to work for a big corporation, and I will never go back."

"Helping customers find the trucks they need at a price they can afford is the best feeling. The wide selection of trucks and the flexible financing options make it easy."

## WHY TRUCKS?

**Did you know** there are about 15.5 million commercial trucks in the United States today? And, that if they were stacked end to end, they would reach the moon? With all those trucks on the road and the transportation industry expanding, commercial trucks are in high demand.

Things have changed. A truck is no longer just steel and rubber. The industry is evolving faster than ever. New technologies are flooding the market with innovations in design, engineering and fuel economy.

If you would like working with some of the best names in the business – Peterbilt, Volvo, Hino and Ottawa – then truck sales might be the career path for you.

## WHY JX?

Family owned and operated since 1970, JX is known for setting the standard of excellence in truck sales and service. Now, in our 46th year, we've grown to encompass nineteen dealerships, finance, full-service leasing, rental and graphics services. In that same time period, we have grown from 5 Associates to almost 900.

JX is not only a great place to work, it cultivates an environment that fosters growth and learning. We consider our Associates to be family.

That's why we're willing to invest in your career by providing the incentive, training and tools to help you succeed.

## WHY SELL TRUCKS AT JX?

### Consider this:
